CRANE MERCHANDISING SYSTEMS

Comprehensive drinks choice and quality!

Quality | Satisfaction | Sustainability

café culture

A great cup of coffee shared with friends, a frothy cappuccino as a treat or relaxing with a thirst quenching cup of tea. The stylish Vision range provides all of these delicious hot drinks around the clock along with a full range of speciality selections demanded by today's discerning consumer. Vision Xtra machines deliver the perfect beverage...every time!

The stylish **Vision Xtra** range of table top beverage systems offers the perfect 'front of house' solution for restaurants, hotels, bars and offices. The two models available - Vision Xtra 300 & Vision Xtra 400 - provide customers with a comprehensive drinks choice of either 9 or 11 selections.

Outstanding build quality and proven reliability are inherent in Vision Xtra beverage systems and when combined with quality ingredients, good service and filtered water, they provide high quality drinks, satisfied customers and increased profits

So, select your favourite, push the button, and enjoy the experience!

Base Cabinets

For sites where no counter top is available an optional base cabinet can be provided, perfect for providing storage space for ingredients. Base cabinets are available in two sizes to accommodate Vision machines with and without a condiment stand or payment module.

Why choose Vision?

- Single button drink selection
- Two models available offering comprehensive drinks choice of either 9 or 11 hot instant selections
- Optimised drink presentation through whipping time control
- High speed dispense - black coffee in just 6 seconds
- Choice of boiler elements

- Maximum Reliability
- Increased Profitability
- Consistently Delivered

Unrivalled drinks quality and choice!

The choice of drinks available from the Vision Xtra is unlimited, even drinks containing sugar can be dispensed. Every selection button is configurable to any mix of the ingredient canisters, developing any drinks combination to suit customers' needs in a choice of cup, mug or jug size.

Optimised drinks presentation is achieved through control of the whipping time within the drink mixing cycle, enhancing the drink quality even further.

Coin & Card Module

For customers who require the additional versatility and control that coin and card systems can bring to their beverage installations, Vision Xtra machines can be supplied with a coin/card module (pictured below).

The factory fitted module will accept most of the industry's leading coin or card systems.

Backlit Display Panel

- Backlit display graphics - provide immediate visual appeal
- Bespoke graphics can be supplied as a build to order option increasing the versatility of the machines

Single Button Drink Selection

- Simple, single button drink selection - ideal for self service locations

Jug Facility

- Choice of 2 jug extensions; the standard version allows a 1.8 litre jug to be used
- Tall version can be used with most types of continental style jugs
